

Take Us There - Free Grace Worship - 2013

Verse:

You took the cross and died to set us free
What greater love is there than this?
You conquered death so we could have new life
All that's left to do is tell the world

Pre-Chorus:

The hope you gave will pave the way for the world to change
The joy you give us strength for every day

Chorus:

You Say Your hope Is gonna change the world and
Our hearts are hanging onto every word, you speak
We'll take it to the edge of the world, Hey! Hey!
Your joy is gonna take us there

Bridge:

God, our time is now,
Your joy, Lord, is our strength
